

## Possible Varieties Included

Colours:

Red - Tango Dark Red

White - Tango White

Pink - Tango Deep Pink

## Description

These easy to grow bedding plants add vibrant colour to your garden. Resistant to pests such as deer/rabbits.

## Care Instructions

The Geraniums may be planted directly into well drained soil or potted into a larger container. Once transplanted, water thoroughly.

**Light:** Place in a location with at least 5 hours of direct sunlight per day. Morning sun is OK.

**Watering:** When top of the soil is slightly dry to the touch, water well until it runs out the bottom of the basket or container.

**Fertilizing:** The soil is enriched with a slow release fertilizer. However, you may supplement this every two weeks with a balanced fertilizer such as our Flower and Veggie 10-15-19 fertilizer.

**Maintenance:** As the flowers finish blooming, pinch them off to help promote new flowers and fuller growth.

**Temperature:** Place plants outside once temperature is above 10-15 degrees
