

Strawberry Basket

Possible Varieties Included

Ever bearing variety called “Berri Basket”
Red fruit with pink, white or rose blossoms.

Description

A kid favourite! Enjoy fresh strawberries all summer long. Ever bearing strawberries with different coloured blossoms in white or pink. Beautiful and delicious!

Care Instructions

Light: Full sun.

Watering: Water thoroughly until water runs out the bottom.

Fertilizing: Fertilize once a week with a water soluble fertilizer such as Miracle Gro and supplement every 3 - 4 weeks with our Flower and Veggie 10-15-19 fertilizer.

Maintenance: The basket should produce fruit all summer and may have a short dormant stage and possibly produce once again in the late summer.

Temperature: Place outside once temperatures are above 10 - 15 degrees Celsius and all danger of frost is past.
