## Table Top Trio

A CLASSIC  
ADDITION TO  
YOUR HOLIDAY  
DECOR

Novelty picks, pot covers, and bows complete this festive table topper. A simple favourite in our holiday product line-up. Varieties include: Mini Cypress, Gaultheria, Frosty Fern, and Lemon Cypress. All pots are 4" in diameter.

Water plants well when the soil feels dry to the touch. Do not let plants sit in excess water (remove potcovers to drain).

For best results, place plants in indirect sunlight at least six hours per day.

At the end of the season, you may fertilize with a balanced, all-purpose fertilizer.

Protect these plants from any wind and extreme temperatures. Keep indoors close to 20°C or warmer.
